2. The UT of Puducherry has witnessed a manifold rise in the number of vehicles including two-wheelers in recent years. Increased vehicular density coupled with unsafe practices by road users have led to a significant rise in road accidents and fatalities, one among the highest in country per lac population. Non-wearing of helmet is one of the main reasons for such fatalities.

3. Two-wheeler riders and pillion riders are vulnerable road users and their safety is critical to achieve our objective to reduce fatalities in the UT. Keeping this in mind, Puducherry Traffic Police, under its 'Mission Zero Fatality' is going to launch compulsory enforcement of helmet use from January 01, 2025. General public, students and other road users are being sensitized by the Traffic Police about this mission through various road safety awareness campaigns.

4. To emphasize wearing of helmet, It is requested that all the students/teachers/staff under your control may kindly be sensitized regarding wearing of helmet while riding or pillion riding a two-wheeler for ensuring their personal safety as well as to avoid fine of Rs. 1000/- and suspension of driving license for 3 months u/s 194D of MV Act.
